

# Beau Vallon Primary School

**PRIMARY SUBJECTS**

## OVERVIEW

For the 6 formal years, the school follows what has been prescribed in the National Curriculum Framework (2013) by the Ministry of Education. The framework clearly states the Learning Areas or subjects that are to be taught in the school.

These include:

- Languages [English, French and Creole]
- Mathematics
- Science
- Social Studies
- Personal, Social and Citizenship [PSE]
- The Arts
- Technical Education [TE]
- Physical Education [PE]

Out of the stated subjects, six are examinable and they are English, French, Creole, Mathematics, Social Studies and Science.

The table below shows which levels constitute the 3 Cycles in Primary Education as well as the number of periods taught per subject during one week.

Each level has 40 periods per week on their timetables and each period lasts 35 minutes for students from Primary 1 to Primary 6.

## CYCLE 1 SUBJECTS
